

RAIN STOPS GOOD GAME

Winchendon, Mass. Sends Up
a Fast Team

TO PLAY THE ITALIAN A. C.

Three Former Goddard Students Played
Yesterday in Partial Game, During
Which Visitors Scored 3, to 1
by the Italians.

The ball game at the Berlin street grounds yesterday afternoon between the Italian Athletic club and the Winchendon, Mass., team had to be called off after two and a half innings had been played, on account of rain which began to fall in buckets full just as the first man of the visitors was put out in the first half of the third inning. The score then stood 3 to 1 in favor of Winchendon.

Olsen, the Granterville pitcher, was in the box for Winchendon as one of their pitchers was ill and the other was being saved for the game to-day. The visitors appeared to be a fast bunch of players and good stickers. Heidel, who was with Goddard seminary last spring, is catching for Winchendon and Jerome Berry of Richmond, another Goddard player, is playing with the team on its Vermont trip. Gabeloni pitched two innings for the Italians but at the end of the second inning he complained of a sore arm and Scampini took his place for the last inning.

The locals scored their run in the first inning. Nicora drew a pass and went to second on a wild pitch, and to third on Cella's out. Conelli then placed a hot grounder into center field, scoring Nicora. In the second inning the visitors tallied three times. Pielding, the first man up, singled into center and Bernier laid down a bunt to sacrifice him to second, but Gabeloni fumbled the ball and both runners were safe. May then bunted to third base and the two basemen went around one base while the batter was thrown out at first.

Duvarey fanned, but Olsen rapped out a pretty single into center field, scoring both Pielding and Bernier. Nicora threw the ball to the plate and it struck in front of the rubber and bounded against Bernier's head as he was sliding to the plate. The ball rolled into the crowd and Olsen, who had then reached third base, scored the third run before the ball could be regained. O'Neil followed with a single into center, but he died at first, as the next man went out on an assist by David.

This game will be played off Saturday afternoon, and this afternoon the teams play again at 4:15.

BERNHARDT SUES THE WORLD.

Says She Was Labeled \$100,000 Worth
in an Article.

New York, Aug. 27.—Sarah Bernhardt, the French actress who is suing the Press Publishing Company, publishers of the New York World for \$100,000 damages, has applied for permission to have her testimony taken in France by an open commission. Judge Lacombe, in the United States Circuit Court, granted the application. In private life, Sarah Bernhardt is Mme. Danala. She asks damages for an article in the world entitled "Fakes Won't Do, Sarah," which she says hurt the sale of her memoirs and labeled her character. Frenchmen of letters, who are said to know just how much of her own memoirs Mme. Bernhardt wrote will testify before the commission.

"REMSEN BOARD" APPROVED.

Benzoate of Soda Wins Out in National Food Convention.

Denver, Colo., Aug. 27.—After a sharp fight, the so-called "Remsen board" which declared benzoate of soda to be harmful when used as a preservative, was adopted by the convention of the association of state and national food and dairy department yesterday by a vote of 57 to 43.

Base Ball Notes.

Bennington trimmed Pittsburg 7 to 1 Tuesday.

Johnson of Washington showed up well against Cleveland Wednesday.

Bill Donovan pulled out of a bad hole in Wednesday's game with the Athletics.

Pitcher Joe McGinnis has been suspended for three days as a result of a fracas with Umpire Phyllis in Newark.

The Cleveland Americans have purchased pitcher Mitchell, who claims to have a record in the minor league of 20 strikeouts.

McGovern, the Brockton catcher, says that Marty O'Toole, the twirler that is coming to the Red Sox is one of the nerviest pitchers in the business.

The Red Sox have only three more games with Philadelphia, while they have seven to play with Detroit, three in that city and four in Boston.

The Winchendon team, which played the Italian Athletics yesterday afternoon, was defeated at Woodstock by a score of 4 to 3, Monday afternoon.

George Walsh of Baxter street, Rutland, short stop and formerly captain of the old Rutland team, was given a trial in the New Bedford-Lynn game the other day and the team has now asked him to sign. He was put in as a pinch hitter and got a two-bagger in the last half of the ninth.

Ray Collins, the ardent boy, saved the Boston Red Sox from a bad slump yesterday when he pitched them to a shutout victory over the White Sox and after the two veterans, Cicotte and Arlene, had been unable to do it in the first game of the double-header. If Manager Lake would give Collins a chance more frequently the youngster would gain in confidence. He has everything else.

SONDER RACES NEXT MONDAY.

Will Go Over to Tuesday, Sept. 7, if Necessary.

Marblehead, Mass., Aug. 27.—Final arrangements were completed yesterday for the German-American sonder races off here next week for the President Taft and Governor Draper cups. As each country has won its home series in each race the contest this year will be the rubber and great interest in it has been aroused among yachtmen. The races will begin Monday next, the second on Tuesday, the third on Wednesday, Sept. 2, the fourth on Friday, Sept. 3, the fifth on Monday, Sept. 6, and the sixth, if necessary, on Tuesday, Sept. 7.

CLOTHIER PUTS McLOUGHLIN OUT.

California Loses in Tennis Finals at Newport After Hard Battle.

Newport, R. I., Aug. 27.—William J. Clothier of Philadelphia yesterday won the all-comers' lawn tennis tournament on the Casino courts defeating M. E. McLoughlin of California three sets to one in the final. The scores were 7-5, 6-4, 9-11, 6-3. Clothier will meet national champion William A. Larned in the challenge round to-day.

Unique Baseball Record.

James "Lil" Sager, third baseman of the Evansville (Ind.) Central league team, holds a record that no other ball player has probably ever earned since the introduction of the national game. Since joining the Evansville squad he has played in more than 500 consecutive games—to be exact, 506 games. Before joining the Evansville club Sager played in South Bend and was then known as one of the most consistent performers in the league, never being bothered by sickness or accidents.

Sager was traded by South Bend to Evansville in 1900 for Ike Francis, who long ago severed his connection with the local club and is today the oldest man in point of service on the "champs" lineup. Having never missed a game since becoming a member of the Evansville club, Sager is one of the most interesting players in the league and is known to every fan on the circuit as "Ginger Lil." During the last four seasons he has never spoken harshly to an umpire, has never suffered a bruise or an injury and has never known a sick day.

His grand fielding average for the four seasons is .911. His banner year was in 1903, when he fielded at .937. In hitting Sager is not so fortunate, his average being .222.

ANNUAL GOLF TOURNAMENT

In Handicap, Three Men Were
Tied for First Place

WITH A NET SCORE OF 73

James Mackay, James Palmer and B. W. Hooker Were Three Leading Players.
Qualifying Round of Championship Played.

Three players tied for first in the annual handicap tournament at the Barre Golf club's links yesterday afternoon, the score being 73 and being made by James Mackay, James Palmer and B. W. Hooker. They had handicaps of nine, ten and twelve, respectively. There were 26 players, and the scores ran rather high, the notable exception being that of D. W. Smith, who made a gross score of 70.

The qualifying round of the annual championship tournament was also played, resulting as follows:

John Reid beat B. R. Bailey, one up.
Fred Howland beat Palmer, four up.
Hutchinson beat Averill, two up.
Milne beat Jas. Mackay, one up.

That will bring Reid against Howland and Hutchinson against Milne for the semi-finals to-morrow.

The qualifying round for the president's prize resulted as follows:

J. R. Mackay defeated Tilden, Dalgarno beat Dodge, five up.
Walsh beat Booth, five up.
Nichols beat Roger Davis, two up.

As a result, Nichols plays Walsh and Tilden was matched against Dalgarno.

The results of the annual handicap tournament were as follows:

INCOME TAX LEAGUE.

To Be Formed At Albany Meeting Sept. 4.

New York, Aug. 27.—Every effort is being made by the promoters of the meeting of progressive Democrats to be held at Albany on Sept. 4, to further the adoption of a Federal income tax law, to make the gathering of broad national significance. The committee in charge announced today that while William J. Bryan will not attend he will send a letter and suggest a form of permanent organization and will be represented by Congressman Oll James of Kentucky who will make one of the principal speeches. The Bryan letter will be presented to the meeting by Henry W. Walker, who said today that Mr. Bryan would suggest that the organization would be called the Income Tax League of the State of New York, and that Mr. Bryan and all the organizers of the idea are anxious that the movement should be kept as non-partisan as possible. Mr. Walker says that William R. Hearst has also signified his purpose to attend.

BULLSEYE WITH TORPEDO.

Cuttlefish, at 3800 Yards Away, Hits Battleship.

Washington, Aug. 27.—At the Newport torpedo station a Whitehead torpedo is being repaired which was turned in by the submarine Cuttlefish, with the warhead flattened out badly, as a result of the attack the submarine made with other submarines on the Atlantic fleet while manœuvres were being held between submarines and battleships off Provincetown earlier in the month. The Cuttlefish selected the Vermont for an attack, and when opportunity presented itself the Whitehead torpedo was fired at a distance of 2800 yards, hitting the Vermont amidship and flattening the warhead badly. The shot was one of the best ever fired by a submarine and one of the longest on record.

HAVERHILL MURDER MYSTERY.

Decomposed Body of Man, Believed to Have Come from Boston, Found.

Haverhill, Aug. 27.—The body of a man thought to be Alfred Smith, a carpenter, who formerly lived at 13 Cambridge street, Boston, was found early yesterday morning by Manetto Luigi, a berry picker, who was badly frightened when he stumbled over the remains in a cranberry bog near the Old Country Bridge road, about four miles from the city. After viewing the body, which was in a badly decomposed state, Medical Examiner Croston was of the opinion that the man had been dead several months. The body was a mere skeleton.

UNLOADING "HARRIMAN"

Speculators Getting Rid of
Stocks

UNION PACIFIC SLUMPS

Financier's Condition Has Alarmed Bulls
and Stocks Suffer Severely as a
Result—Heavy Dealings
Yesterday.

New York, Aug. 27.—The Harriman stocks were weak again yesterday at the opening of the stock market.

One block of 15,000 shares of Union Pacific opened at a range of 203½ and 202½, a decline of three points against Wednesday's closing and the quotation dropped to 201½ in the first few minutes, which was practically the lowest price touched by that stock in over three weeks.

There were recessions of a point or more throughout almost the entire active list.

During the first half hour the liquidation continued on an extensive scale with losses of 3½ points in Union Pacific common and 2½ in the preferred, Southern Pacific was down 1½ and Reading 1½.

Some support in Union Pacific rallied the market slightly before the end of the first hour, but another and more severe decline sent prices lower than before.

The sales of stocks during the first hour of trading aggregated more than 400,000 shares.

Trading fell off slightly in the second hour, with some recoveries, but price movements were still unsettled. Little support was offered. Before noon, Union Pacific fell to 200½. The whole list was off in sympathy, but another feeble rally set in at midday.

The market made some recovery at midday, but soon resumed its downward course, Union Pacific again touching at 200½, its lowest figure since July 30 last. Efforts to break the stock below 200 were made, but substantial support appeared at that level and a covering movement resulted. The general list was heavy.

Shortly before two o'clock another drive was directed against Union Pacific which brought that stock below 200. On relatively small sales it went to 199½, with a further decline in Southern Pacific, and marked weakness in United States Steel. The balance of the list showed further declines, ranging from 1 to 2½ points.

HARRIMAN RESTS AT ARDEN.

No Material Change Seen in His Condition.

New York, Aug. 27.—Denial was made on Wall street yesterday afternoon that the day had seen any development in the condition of E. H. Harriman. On account of the slump in the Harriman stocks efforts were made to secure more definite news about the financier's health from the offices of the Union and Southern Pacific railroads. The best information that the financial district could get was that the distinguished railroad man was resting comfortably. Judge Lovett, chief counsel of the Union and Southern Pacific railroads, went to Arden yesterday afternoon for one of his numerous conferences with his chief. From the frequent visits of Mr. Lovett and other leaders in the Harriman enterprises, it is believed that the financier is not being shielded from business cars as closely as reports about his health have indicated. Mr. Harriman has seen no newspaper man since his arrival on Tuesday.

Walter Averell Harriman, eldest son of E. H. Harriman, arrived at Arden, N. Y., yesterday from Chicago and was met at the station by one of his sisters in an automobile. They were taken up to the Harriman incline railroad and from there to the estate on top of Hamamont mountain. Young Harriman declined to discuss his return from the West, where he had been chairman of a surveying gang on one of his father's lines.

"I am not a public man yet," he said. "I have come on from the West about the time I had previously intended to come. That is all I could say." All of the Harriman children are now at Arden.

ANOTHER SMUGGLING CASE.

Woman Said She Had Dutiable Goods Worth Only \$100.

New York, Aug. 27.—Several strings of pearls, diamond earrings, a diamond ring and a lace skirt, all valued at \$1,500, which the customs inspectors say they found concealed about the person of Miss Catherine M. McKee, an elderly spinster of Harrisburg, Pa., caused her arrest Wednesday after her arrival on the steamship Transatlantic from Liverpool. Miss McKee declared she had dutiable goods worth only \$100 and was about to leave the pier when she was detained and searched. She was released on \$1,500 bail.

TAFT A TOOL.

Pitchfork Ben Says So at "Red Shirt" Reunion.

Anderson, S. C., Aug. 27.—Addressing an audience of 10,000 yesterday at a reunion of the "Red Shirt" men who, in 1876, wrested the political machinery of the State from the negroes and carpetbaggers, Senator Tillman declared that President Taft is "the tool of a great political machine." He warned the people against compulsory education, saying it would deprive the negroes for the ballot, and might in time result in their controlling election in South Carolina.

Cumulative Dangers.

"When you have made a statement for which you are sorry you should own up to it," said the idealist.

"No," answered Senator Sorghum, "it had enough to say something you regret without following it up with an expression of self-distrust you are sure to reveal still more."—Washington Star.

Two Killed on Way to Picnic.

Fort Dodge, Iowa, Aug. 27.—Two children were killed and fifteen others injured at Humboldt Wednesday when a hay rack, carrying a Methodist Sunday school picnic, was overturned.

SPANISH ADVANCE BEGUN.

General Marine Is Moving Against the Moors.

Meilla, Aug. 27.—Expert opinion has been justified, as it has been found impossible to cut the Marchica canal under four months. General Marina, commander of the Spanish forces, wasted no time in vain regrets and decided to commence the advance, the preliminary movement of which began Wednesday, to Resting, along the sea front in intense heat. The men appear glad that the long suspense is ended and that the war is really begun. They display excellent spirits and are greatly encouraged by the presence among them of the duke of Salazar and the marquis of Valdecarrato, both of whom are serving as privates and are treated in every respect the same as the men. The marquis of Valdecarrato traveled direct from Cambridge university to volunteer. The concentration of the whole army will occupy several days, and it is still uncertain when General Marina will start for the front. The commissary is in good shape, but the water supply is a serious problem. Two ships for condensing water are hourly expected. One effect of the failure to construct the Marchica canal will be to limit the amount of artillery accompanying the army, especially quick firers, as it is impossible with the existing means of communication to provide them with sufficient ammunition.

CONGRESS ON CONSERVATION.

Forester Pinchot Will Address the Meeting Tomorrow.

Seattle, Wash., Aug. 27.—The First National Conservation Congress met in the Alaska-Yukon-Pacific Exposition auditorium yesterday, with delegates present from all parts of the United States and Canada. The session was devoted to speeches of welcome and an address by Joseph N. Teal, chairman of the Oregon Conservation Commission. The inauguration of the conservation movement, the speaker said, is considered by Theodore Roosevelt the greatest act of his Administration. Mr. Teal spoke of the great work accomplished by Gifford Pinchot and took occasion to say that President Taft is a supporter of its conservation movement. Gifford Pinchot will be the principal speaker tomorrow morning.

Promoters of congress express the hope that the strife between the followers of Chief Forester Pinchot and Secretary Ballinger will not attract so much attention as to push aside other important matters. Secretary Ballinger, who is inspecting irrigation work, a few hours' ride from Seattle, is not likely to attend the congress. His friends say that he is avoiding a personal controversy at the request of the national Administration.

FIGHT FOR INCUBATOR BABY.

James Barclay Arrives in Kansas City to Aid His Wife.

Kansas City, Mo., Aug. 27.—James Barclay of Buffalo, N. Y., husband of Mrs. Stella Barclay, arrived Wednesday night to help his wife in her fight for possession of Marian Blakeley, the kidnaped "incubator baby." He went immediately to the police station, where his wife, foster mother of Marian, is awaiting the outcome of the tangled mass of circumstances arising from her kidnapping of the child from Mrs. Charlotte Blakeley, the mother, in Topeka last Sunday.

Barclay would make no statement other than to say that he would see the case through. Mrs. Barclay yesterday asserted that the child was the daughter of an actress and not the offspring of Mrs. Blakeley.

Governor Bailey on Friday will give Mrs. Barclay and Gentry a rehearing in the extradition proceedings. If he decides to recall the requisition papers issued last Sunday, the confessed kidnappers will go free, but the baby will be under the court's orders.

NEW ALASKAN GLACIER.

Was Discovered by the G. W. Perkins Party.

Cordova, Alaska, Aug. 27.—The G. W. Perkins excursion party, while cruising along a vast stretch of Alaskan coast, discovered on the west coast of Knight's Island a new glacier, which Miss Perkins, daughter of the financier, christened Princeton. She smashed a bottle of champagne on the fact of the mountain of ice. Mr. Perkins will ask the United States Government to place the location and name on the official maps. The E. H. Harriman Alaska excursion several years ago discovered and named the Yale, Harvard and Harriman glaciers. The Perkins party sailed in the Yucatan last night for Seattle via Sitka. The Alaskan cruise has lasted two months.

CLEANING UP THE WORK.

Mr. Taft Preparing for His Long Western and Southern Journey.

Beverly, Mass., Aug. 27.—President Taft's conference late yesterday afternoon with Senator Aldrich, chairman of the Senate finance committee, and Secretary of the Treasury MacVeagh was expected to cover a variety of topics and was one of the series of important talks the president is having with leaders in the different branches of the government before starting on his long tour to the West and South.

Mr. Taft will not get through with the travel program until within two weeks of the assembling of Congress. In the meantime he is leaving behind definite instructions as to the disposal of various matters of government.

DONT KICK AT \$20 PER PLATE.

Omaha Merchants Are Pat on the Price, But on "Spikes" and "Spats" They Ask New Deal.

Omaha, Neb., Aug. 27.—President Taft on Sept. 30 is to be the guest of the Omaha Knights of Ak Sar Ben, an organization of all classes of business men of the city of all classes formed to furnish entertainment for visitors. A committee for the knights has announced that the charge for the dinner will be \$20 per plate.

The 1,200 members of the order agreed to this, but now many of them are in revolt because the committee's order provides that when the \$20 that pays for a plate is sent in there must be a distinct understanding that the applicant will appear in a spiketail coat, white waistcoat, light trousers, white "spats" and black shoes.

Because of the order a large number of business men will not attend the banquet.

Not to Be Tolerated.

"Here!" shouted the railway official. "What do you mean by throwing those trunks about like that?"

The porter gasped in astonishment, and several travelers pinched themselves to make sure that it was real. Then the official spoke again.

"Don't you see that you're making big dents in this concrete platform?"—Tit-Bits.

270,000 CHILDREN.

Young American in Three Parts for Taft in Chicago.

Chicago, Aug. 27.—The greatest number of school children gathered in the history of Chicago will assemble to do honor to President Taft when he visits Chicago on Sept. 16. Final plans for the great reviews by the president in the three divisions of the city were made yesterday on receipt of a letter from the president's secretary by Theodore W. Robinson stating that the school children's parade met with the president's favor.

It is estimated that nearly 270,000 children will take part in the parades.
